Centre Oral & Facial Surgery, P.C. Accredited

Centre Oral & Facial Surgery, P.C. has achieved accreditation by the Accreditation Association for Ambulatory Health Care (AAAHC/Accreditation Association), according to Greg F. Kewitt, Owner/President.

Status as an accredited organization means Centre Oral & Facial Surgery, P.C. has passed a series of rigorous and nationally recognized standards for the provision of quality health care, set by the Accreditation Association. Over 2200 ambulatory health care organizations across the United States are accredited by the AAAHC.

“Accreditation underscores our long-standing commitment to providing the highest possible levels of quality care to the community we serve,” said Dr. Kewitt. “We are pleased and proud to have our efforts recognized with this accreditation.”

Ambulatory health care organizations seeking accreditation by the AAAHC undergo an extensive on-site, peer-based survey of its facilities and services. Not all ambulatory health care organizations seek accreditation; not all undergoing the on-site survey are granted accreditation.

Among the types of ambulatory health care organizations that can seek AAAHC accreditation are ambulatory and office-based surgery centers, single and multi-specialty group practices, college health centers, dental group practices, community health centers, occupational health centers and managed care organizations.

Centre Oral & Facial Surgery, P.C. was founded in May of 2002 and opened its State College office in February of 2003. It is an Office-Based Surgery Center that specializes in advanced face, head, neck and oral surgical care. Centre Oral & Facial Surgery, P.C. practices the most advanced methods and uses the latest technologies in Oral & Maxillofacial surgery. Centre Oral & Facial Surgery, P.C. is comprised of a team of highly qualified and caring individuals dedicated to provide you with the highest degree of professional care possible.
